

M-RETS efficiently tracks and verifies renewable energy generation in collaboration with stakeholders, facilitating renewable energy development in the public interest.

Attestation for Exporting Certificates to M-RETS from NC-RETS

1. Name of Generation Facility (“Facility”): _____
2. Renewable Resource Type (wind, solar, multifuel, etc.): _____
3. Name of Company/Corporation/Person that Owns Facility: _____
4. Address of Facility: _____
5. Tracking System in which Facility is registered: _____
6. Facility Registration or ID Number within Tracking System: _____
7. Name of NC-RETS Account Holder requesting export: _____
8. Name of M-RETS Account Holder receiving import: _____

Attach a sheet(s) labeled “Table 1” listing the certificates to be exported into M-RETS.

Declaration of Exporting Account Holder

I, (print name and title) _____, declare that I am the lawful representative of (Account Holder Name) _____, and that I wish to export the certificates identified in Table 1 from NC-RETS to M-RETS. I further declare ____ (initial) that the certificates to be imported are Whole Certificates as defined by M-RETS and that all the generation and environmental attributes, including the attributes indicating the level of direct emissions from the generating facility, and also including any carbon offsets or avoided emissions (if any are authorized), were transferred to Account Holder when it acquired the certificates, and to the best of my knowledge, these attributes have not been sold, marketed or otherwise claimed by any party other than Account Holder.

Account Holder Representative Signature: _____

Printed Name: _____

Title: _____

Date: _____

Directions for Attestation for Exporting Certificates to M-RETS from NC-RETS form

1. Fill in the Generation Facilities full legal, e.g. ABC Renewable Energy Facility, Inc.
2. Fill in the fuel type generating the renewable energy.
3. Fill in the Generator Owner's full legal name, e.g. ABC Domestic Energy Company, Inc.
4. Fill in the Account Holder's full legal name, e.g. ABC Domestic Energy Company, Inc.
5. Fill in the tracking system in which the generator producing the certificates for export is registered in. This maybe different than NC-RETS if the certificates had been imported into NC-RETS rather than generated in NC-RETS.
6. Fill in the Facility Registration or ID Number of the generator for the tracking system it is registered in.
7. Fill in the name of the NC-RETS Account Holder requesting the export and providing the attestation.
8. Fill in the name of the M-RETS Account Holder who will be receiving the imports in their M-RETS account.
9. Scan completed document to PDF and email the form to the M-RETS Administrator MRETS@apx.com.
